C 2	N33 31.268 W86 33.149 18		Alabama 25 from Elliott Ln. to US 231. Passes 29 Dreams Motorcycle Resort. A "little dragon" in central Alabama. (Bob Steber)
C 3	N33 06.457 W86 53.414 21		Shelby County/Bibb County #10 from Aldrich (near Montevallo Safety Center) to Alabama 25 near Brierfield Ironworks Park , and Horton Covered Bridge . Fairly well paved with good sweepers, switchbacks. Not well marked so always keep left at the intersections. Don't worry, you're not lost. (Bob Steber)
C 4	N33 20.772 W87 05.287 74		Mud Creek Road starting in Adger. Two lane good clean pavement. Slight elevation changes with nice curves. Mud Creek will dead end into Lock 17 Road. Turn left and proceed approximately one mile to Camp Oliver Road (to the right). Turn left at the 3 way stop sign and continue on Camp Oliver (approx. 4.5 mi) turning left on Smith Camp Road which passes the River Café on the right. Tight turns and elevation changes, this one will test your skills, so be careful! This road will dead end at Smith Camp Store . Check it out while there. Return to Camp Oliver and go back 1.4 miles turning right on Paul Allman road. Tight curves but scenic, this one is the connector back to Lock 17 Road. Turn right on Lock 17 14 miles to Brookwood, Al. Sweeping curves, good pavement. Watch for coal trucks in both directions! Note the large abandoned coal dragline and active coal mines along this route. Nice ride. Turn left on AL 216 for a 12 mile twisty ride back to I-59/20 (Exit 100). (Vance Harrelson)

C 6	N33 38.937 W86 49.877 35		Tail of the Lizard. Start at Gardendale I 65 Exit 271 Shell Station. It's a pretty neat little ride. Along the way, we observed an elderly lady who would walk down a steep hill to cross the road and tend a really large garden and there were many others along the way. Also look for a large brick home in the middle of nowhere. We often see wild turkey too. There is a remote control airfield and the old Sardis Church and School along the way. This area also has strip mining and I noted a new gas tank cemetery. Zero your odometer (Ken and Andrea Pedigo)

C 7	N33 30 653 W86 36 809 1.5		Bailey Road from Rex Lake Road to Hwy 119 in Leeds. Recently paved, the 1.5 mile narrow Bailey Road is one of the best motorcycling roads in the Birmingham area and an excellent way to go to 29 Dreams from Bogart's Motor Sports. There are altitude changes, s-curves and one hairpin turn, and you will ride through a tunnel of trees the entire distance. Be sure to stop on the one-lane wooden bridge crossing the Little Cahaba River for a beautiful view of the river and woodlands. (Bob Steber)
C 8	N33 28 888 W86 31 250 97		North Shelby County Run starting at 29 Dreams Motorcycle Resort (closed). There are plenty elevation changes and tight s curves amidst these out of the sun rural environs. Many of these roads are very splendid indeed. Start the ride at 29 Dreams on Hwy 25 in Vandiver. This back roads route is a historically significant trek taking you to the well preserved Kymulga Grist Mill and covered bridge built c1860, then to the 1850 Capertons Old South General Store and Pawn Shop in Weogufka, Al, center of all things Confederate. The first sight you will notice upon your arrival is a large Confederate Flag flying from the store's roof top antenna and it gets more interesting when you go in. Enjoy a conversation with the owner, Lloyd Caperton, while having your favorite soft drink and snack. You can also shop for a firearm or a good quality knife, or perhaps a Confederate soldier's cap or Battle Flag may catch your fancy. Be sure to notice the marble floors. Lloyd has a ranch nearby and spends some of his time there so the store is not open all the time.</p> <p>On the way to Horseshoe Bend Military Park you will ride by the Coosa County Courthouse in Rockford and the Indian Hills Motorcycle Resort, then in Alexander City, the Tallapoosa County Courthouse Annex.</p> <p>Horseshoe Bend Military Park is where the 1814 battle defeated the Creek Indian Nation which eventually led to the treaty that ceded three fifths of the land that is now Alabama. Be sure to see the 20 minute video before visiting the Park overlooks.</p> <p>Returning to 29 Dreams you will ride the excellent highways 49 and 77 to Ashland for a fuel stop and to see the beautiful Clay County Courthouse. NE 8	N34 51.829 W86 06.048 11			Crow Mountain Run, Jackson County Road # 33. From SR. 79 to CR. 470 down Crow Mountain. Exciting hairpin turns and good scenery, but the road is a little rough. At the bottom of the mountain, and approaching CR. 470 there is a swamp. Look closely, and you may see an eagle flying or roosting in the trees. Continue right on Cr. 470 1 ½ miles to the Pikeville Store and Deli for an excellent cheeseburger. From the Pikeville Store, it is 6 miles south on Cr 21 to Scottsboro, home of Unclaimed Baggage and four other ABEES check-offs. (Bob Steber)
NE 9	N34 37.794 W86 16.639 13.5			Jackson County Road #8 from Woodville to Cr 17 at Skyline. The 14 mile ride along Jackson County Road #8 from Woodville to Skyline at Cr 17 is one of the best motorcycling roads in Alabama. It has great s curves and sweepers with a switchback or two while making many changes in altitude. Beautiful hardwood trees line both sides of the road most of the way. If you are in Woodville at lunch time, be sure to eat at Joess Pizza and see the Woodville Methodist Church just north of town. Vernon and Kay say” their Muffelatta is to die for”. Another place good to eat close to Skyline (about 25 miles if you ride down Crow Mountain on CR 33); closer if you go direct on Cr 21 off of Sr 79 is in Pikeville at the Pikeville Store and Deli. They have the “best cheeseburgers in the world”. (Bob Steber)

This portion is primarily rolling hills and open fields. Stop by the Colbert's Ferry pull-off just before reaching the Tennessee River. Read the sign and go for a short walk detailing the life of George Colbert who was half-Scot and half-Chickasaw. The ride on CR 14 from the Trace to Waterloo is very scenic with much of it running beside the Tennessee River. Once in Waterloo, stop by the Riverwalk Café and have Glenda fix you a meal. CR45 north out of Waterloo may be one of the better runs in Alabama. It is very twisty with several sharp double s turns. Be careful! The northern half of CR45 is chip and seal so it may be slick with tar snakes in hot weather. Go to CR 3, turn right to CR 14 and right back into Waterloo is another fine run with twisties and wide sweepers. (Gary Dubois)

SW 3	N31 59.467 W87 17.313 104		Camden to Stockton. The ride begins in Camden at the intersection of SR 41 and SR 265. Checkoff the two courthouses and If you are hungry, there are two good eateries a little way west on SR 41 from the Wilcox County Court House and the Old Courthouse. Uncle Redd’s Soul Food and BBQ for a great BBQ or meat & 3 and Jackson’s for some of the best fried chicken anywhere. At Perdue Hill, stop for fuel and be sure to spend some time looking at the early 1800’s buildings, one of which is the boyhood home of William Travis (Alamo fame). Between Chrysler and Stockton, you will go by Red Eagle’s grave, Red Hill Spring and Fort Mimms. Each point of interest is well marked. (Bob Steber)
